## 2. Introduction

### Overview

Onakuviwa is a 100% black woman owned entity which is operating in the Mpumalanga region. Zingisa Biyo, the founder and director of Onakuviwa, registered the business in February 2021. We have been in the business space for 8 years before venturing into the PPE business. We saw an opportunity to supply safety (PPE) clothing to both mining and construction sectors in and around Witbank area, owner of the business has been in the construction and mining industries for 2 decades as a Quantity Surveyor professional.

### Why Us?

The company's formation is based on the need to manufacture, distribute and supply high quality and comfortable safety clothing. Working clothes that fits well and are comfortable for work employees in the mining and construction industries. We understand PPE is a requirement for most industries and that the safety of employees is a high priority, therefore, we want to give our customers best solution by offering quality, safety, comfort and dignity whilst achieving their end goal (doing their business).

We have formed partnerships with brands (our suppliers) that have same values as ours to offer our customers the best products in the industry. We are the distributors of the following brands:

- Dromex
- Javlin
- Endurance
- BBF (safety shoes)
- Barron

Our company does not only focus on what is existing and generic, but to actually design, manufacture and distribute work wear for women employees. We are in the business of providing dignity and confidence for both men and women working in high-risk environments.

This will help avoid many incidents and accidents that are caused by the lack of clothes that accommodate both men and women body shapes and structure.

We help our customers to choose right PPE for a specific job and function so they can be effective in their respective functions.

## **Our Value Proposition**

- Short Turn Around Time - we deliver within 3 days on stock items
- Education and Training - we offer training for free on how to correctly use and or wear our products to avoid incidents
- One Stop Shop Business - we customize our products according to the customers specification and need by offering reflective tapes and embroidery

## **Mission**

To help men and women working in hazardous environments to feel protected, safe, secured and comfortable at all times by providing them well fitting workwear.

## **Vision**

To become a leading manufacturer and distributor of safety workwear in Africa.
